

Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Friday 07 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Mostly dry with sunny spells. Feeling warmer than recent days.

Today:

After a chilly start, it will be a mostly dry day with sunny spells for many. However, there is likely to be a few scattered light showers around. It will feel warmer compared to previous days, with light winds. Maximum temperature 16 deg C (61 deg F).

Tonight:

Any showers will fade away to leave a largely dry night, with some clear spells. Turning chilly initially before cloud and rain arrives from the south by dawn. Freshening winds. Minimum temperature 4 deg C (39 deg F).

Saturday:

Cloud and rain, heavy at times, will spread northwards across all parts during the day. The rain will be accompanied by strong winds, with local gales possible. Rain clearing overnight. Maximum temperature 15 deg C (59 deg F).

Outlook for Sunday to Tuesday:

Mostly fine and dry, with sunny spells on Sunday. Feeling warmer. However, risk of thundery showers developing later. Further showers on Monday and Tuesday and feeling cooler.
